**Lead times:**

**Chinese New Year deadline has passed**

**Please add another 4 weeks lead time on all orders.**

If order take is slow, this could delay the container order being placed with China.) **All vessels are being temporary re-routed to the UK around the coast of Africa instead of using the Suez Canal, adding another 10 days onto the journey.**

\_(The normal lead time is approx. 16 weeks, this is subject to Minerva receiving the number of required orders (approx. 103 seats) to complete a container. If order take is slow, this could delay the container order being placed with China.)
